SALE OF BUTTER SUBSTITUTES

Notice to Dealers is Served—A Phy-
sician Summoned—Schedule of
Poisons is Issued.

The postponed meeting of the Board
of Health was held yesterday.

The usual formal reports were read
and approved.

The Milk Inspector reported that he
had made examinations of milk from
different wagons throughout the
month. He found that there had been
adulteration with water ranging from
10 to 40 per cent.

The Food Inspector informed the
Board that he had examined samples
of butter from various places and had
found that butter substitutes were be-
ing generally sold without being so
marked. Some of it is sold as cooking
butter and some as island butter.

It was decided that Mr. Shorey be
allowed to instruct the secretary to
warn milk vendors upon their first of-
fense in selling adulterated milk.

It was moved and carried that the
President of the Board of Health, be
requested to draw up a notice for pub-
lication informing dealers and ven-
dors that the Board of Health will pro-
secute for certain offenses in regard to
the sale of adulterated articles under
Act 34, Session Laws of 1898.

Agent Reynolds was instructed to
procure bed nettings for the receiving
station at Kalihi.

The usual recommendation for li-
cense was made for Dr. Irwin and Dr.
Hodgens.

The resignation of J. M. Sims as
Milk Inspector was read and accepted.
Mr. Sims has been offered a more lu-
crative position, therefore he resigned.

As successor the Board appointed J.
Myrrhe.

Moved and carried that Dr. Sandow
be appointed Government physician at
Waimanalo.

It was voted that the secretary, after
having conferred with the president,
write a letter requesting Dr. MacMillan
to come to Honolulu and appear
before the Board of Health to defend
himself against certain charges
brought forward by residents of his
district.

Mr. Reynolds was instructed to carry
out the following regulation for culti-
vating taro in Waikolu Valley, ap-
proved July 28, 1897:

"The whole of the product to be de-
livered to the Board and the cultivator
to be paid for three-fourths of the
same at the ruling market rate. Any
cultivator neglecting his taro either by
not properly cultivating the same or by
neglecting to deliver the taro to the
Board when ripe to forfeit all his
rights to the same. And further that
no person cultivating taro at Waikolu
be allowed to remain away from the
Settlement over night."

The secretary was instructed to write to
Dr. Carter, of Koolau, asking him
in regard to the work there and if he
would accept the position of Govern-
ment physician for that district.

The matter of the late suicide and
selling poisons to irresponsible per-
sons was brought up by Chairman
Smith. By the passage of an act of
1888 this sale was prohibited, but
what should be considered as poison
was not designated. The following
schedules of poisons were adopted:

SCHEDULE A.

Drugs and chemicals which are not
to be sold except upon the prescription
or order of a duly licensed practitioner
of medicine:

Cocaine Murate, Codeine and salts
thereof, Hydrocyanic Acid, Morphine,
Opium and all preparations thereof ex-
cepting Paregoric and preparations of
Opium containing less than two grains to
the ounce.

SCHEDULE B.

Drugs and Chemicals which are only
to be sold to responsible parties, and
when properly labelled "Poison," and
of the sale of which an entry has been
made of the quantity sold, name of the
purchaser, purpose to be used for and
by whom sold, in a book regularly kept
for that purpose.

Aconite, Arsenic and its prepara-
tions, Belladonna and its preparations,
Corrosive Sublimate, Cyanide of Pot-
assium, Cantharides, Carbolic Acid,
Chloral Hydrate, Chloroform, Croton
Oil, Ergot, Muric Acid, Nitric Acid,
Oxalic and Sulphuric Acids, Red and

White Precipitate of Mercury, Iodide
of Mercury, Oil of Bitter Almonds, Oil
of Savine, Nux Vomica, Strychnia and
its salts, Sugar of Lead, Sulphate of
Zinc.

The following members were pres-
ent:
G. W. Smith, president in place of
Attorney General Cooper, absent; Sec-
retary Wilcox, C. B. Reynolds, Dr. Em-
erson, L. D. Kellipio and E. C. Wina-
ston, appointed to fill the vacancy
caused by T. F. Lansing's election as
senator.

The Match Race.

Judging solely by his performance
of yesterday, the horse Bobolink is
about as rank a crab as ever tried to
skate over a course. He broke away to
the front four times before the word
was given, ran the wrong way of the
track a sixteenth, made McAduffie
leave the saddle once, and then ran
like a cow. The very best Bobolink
could do was to lay alongside for the
first eighth. Then Sympathetic's Last,
ridden by the Cunningham new boy
from the coast, came home in a gal-
lop, with Bobolink an eighth behind.
The time for the three-quarters was
1:18 1/2, taken by Quinn and Cunning-
ham. Theo. Hoffman, Capt. Cloney
and Col. Samuel Parker were the
judges and Durfee was the starter.
The post odds were 2 to 1 on Sympa-
thetic's Last. Several hundred dol-
lars changed hands at the track.

RIPE IN YEARS

Death of Dr. Hugo Stran-
genwald of this City.

Was Over 70 Years of Age—A Use-
ful Career—Had Long Been a
Toiler in Hawaii.

Dr. H. Stangenwald died at his resi-
dence on Nuanu street yesterday
morning. The funeral will take place
from the house this afternoon at 3
o'clock. The pall bearers are: J. B.
Atherton, W. W. Dimond, Fred Water-
house, W. O. Smith, Dr. J. M. Whitney
and Dr. C. B. Wood.

Dr. Stangenwald was born in Ger-
many a little over seventy years ago,
February 19, 1829. He early began the
study of medicine and surgery in Vi-
enna. The troubles of Europe drove
him to the United States in 1848, after
having served as a surgeon in the
great revolutionary movement. Lured
by the golden goddess he was one of
the pioneers of '49 who went to Cal-
ifornia to get his portion of the fabu-
lous wealth. After a short stay in
the land of gold he came to the islands
in 1850.

Soon after his arrival here he again
returned to Vienna to complete his
medical studies. He came back in a
few years, this time to stay. His skill
grew to be a byword among the na-
tives, among whom he enjoyed a large
practice. Since his retirement about
ten years ago he has passed the time
in caring for his estate and in sci-
entific study. Up to within a short time
ago he always went to his office at regu-
lar hours. Experiments in chemistry
and electricity were his forte.

He married Mary Dimond, daughter
of Henry Dimond, soon after his ar-
rival in the islands. After her death
in 1869 he married her sister, Anne,
who is left a widow. Three children
were born, but all died suddenly at an
early age.

Admiral Kautz

Admiral Kautz reports that the situ-
ation at Apia is entirely quiet. The
trouble grew out of the fact that Ma-
taafa had been elected King by his
own tribes, but had not been recog-
nized by any foreign power. Disorder
ensued, in which there were threats
of pillage. Citizens of foreign coun-
tries went on board their respective
vessels. The shelling was done to pre-
vent Mataafa's threats from being car-
ried out, and to insure safety.

The Rear Admiral spoke of the criti-
cism he had received in the States,
but apparently it does not worry him
much.

NEW ORIENTAL LINER.

SAN DIEGO, May 19.—President A.
H. Butler of the California and Oriental
steamer line, announced tonight
that his company has chartered the
Norwegian steamer Thyra for three
years to ply between San Diego and
Hongkong. The Thyra is of 3300 tons,
and has the greatest carrying capacity
of any steamer in the Pacific. She is
new, and has only recently arrived in
the Pacific. She is now at Vladivostok,
and will leave Hongkong on her initial
trip to San Diego in about three weeks.

PROGRESS OF THE ISLANDS

A Prediction—Real Estate is Active
Prices of Standard Articles—
Advances—New Firms.

(From Q. H. Berrey's Hawaiian Mer-
cantile Agency Report for the fort-
night ending May 31, 1899.)

COMMERCIAL.

The end of the month has come and
we are glad to report a change in some
instances for the better. Here and
there the conditions of trade is reported
as slightly improved in volume but
cash receipts are small, while in other
quarters dullness and unsatisfactory
collections are complained of.

Dry goods and men's furnishings
notably have found their volume of
sales diminished.

We note great activity in island
trade, most all outgoing steamers carry
full cargoes of freight and return load-
ed with sugar.

To realize the rapid development of
these islands since annexation, com-
pare this quarter's shipping receipts
with same period a year ago, and fig-
ures will show we are progressing.

We note great advancement in hard-
ware prices all along the line, in a cer-
tain degree, owing to the constant de-
mand and trust combine.

Bicycle trade is reported active; one
local firm reports an average of 45
sales per month.

Steamer Gaelic brought \$225,000 for a
local bank.

PRODUCE QUOTATIONS.

Presentation of Shakespearean
Plays By Mr. and Mrs. Williams—
Season Tickets Sold.

The following letter was written by
Rev. Wm. Rader, who once visited Ho-
nolulu and is now pastor of the Third
Congregational church in San Fran-
cisco:

My Dear Mr. and Mrs. Williams:

Before your departure for Honolulu
I desire to express my great apprecia-
tion of your interpretations of "Othel-
lo" and "The Winter's Tale." Your re-
citals not only instructed your hear-
ers upon the origin and history of the
plays but interpreted with real artistic
skill and insight the mind of Shake-
speare, giving a powerful expression of
the peculiar passion which plainly
dominates these masterpieces. I need
not add that the people of San Fran-
cisco were delighted with you and your
efforts. I hope all the people in Hon-
olulu may hear you, not once or twice,
but many times. Not since I have seen
Booth have I enjoyed two such Shake-
spearian representations.

Mr. and Mrs. Williams will arrive by
the Australia next Wednesday. While
they are here they will give a series of Shake-
spearian recitals at the Y. M. C. A.
Nearly 150 season tickets have already
been sold. One of the pleasing features
of the entertainments will be the
music. Mendelssohn's score for A
Midsummer Night's Dream and Sullivan's
for The Winter's Tale will be
given by a good orchestra. The recitals
give promise of being the literary and
society event of the season.

THE DAY MARKED

Memorial Services Directed by
the G. A. R. Veterans.

PROCESSION TO THE CEMETERY

Formation of the Column—Graves
Covered With Flowers—Ritual
Read—Oration of the Day.

(From Wednesday's Daily.)

With appropriate exercises Memo-
rial Day was observed in Honolulu.
The old veterans joined hands with
the young soldiers of the Republic in
paying fond tribute to the dead. With
beautiful blossoms they decked the
graves of the heroes of the great
struggle. Nowhere throughout the
United States was more fitting tribute
bestowed than in Honolulu. The pro-
cessions may have been larger, and
the exercises more elaborate, but no-
where was there a deeper feeling of
reverence and love and a better un-
derstanding of the true meaning of
Decoration Day.

The celebration was held under the
auspices of George W. de Long Post,
G. A. R. The program was brief, but
every number was well delivered. The
procession was not so large as has
marked the day in previous years. It
was well conducted, and the day was
not marred by a single untoward in-
cident.

Promptly at 2 o'clock the different
bodies who were to take part in the
procession began to arrive at the start-
ing point, Alakea and King streets.
They were assigned positions by Dr.
N. B. Emerson, the grand marshal.

The fluttering flags and the music of
the bands gave spirit to the occasion.
At 2:30 o'clock the column began to
move up Alakea street to Emma, to
Vineyard, to Fort, to School, to Nu-
anu, to the cemetery.

Two of the mounted police rode
ahead and cleared the way. Immedi-
ately behind them was the Kameha-
meha band, the members looking neat
and natty in their uniforms of gray.

After them came the sixteen-file
front from Battery I of the Sixth Ar-
tillery. The men were commanded by
Sergt. Shell, and marched with the
precision of the trained soldier.

The stalwart sailors of the Iroquois,
in the marine service uniform, were
next in line, and showed up well.

Col. Jones and staff, mounted, of the
N. G. H., followed. After them came
the Government band discoursing mel-
ody.

The two battalions of the National
Guard, led by Maj. Ziegler and Maj.
Camara were next in order. All the
companies turned out well and made
one of the best showings of any of the
bodies in the procession.

Members of the George W. de Long
Post, G. A. R., followed in carriages.
After them came President Dole and
Minister Mott-Smith, accompanied by
Col. Soper and Maj. Potter.

Citizens in carriages and on foot
brought up the rear.

Upon arriving at the entrance of the
cemetery the soldiery opened ranks
for the G. A. R. and the President and
staff. The column then marched
through the cemetery to the little plot
where reposed the remains of those
who died here after having taken
part in the nation's great struggle.

On all sides the various graves
showed the touches of loving hands.
Beautiful flowers of all kinds formed
into designs of loveliness, were placed
in profusion over the grassy mounds.

The G. A. R. plot had been prepared
for the services. A stand had been
erected for the speakers and distin-
guished guests, and seats had been ar-
ranged for the veterans.

The program was as follows:
